

## AQUA STOP

<b>SKIN PROTECTION BEFORE WORK</b>
<b>WATER BASED SUBSTANCES / HUMID WORK</b>
<b>AGANST WATER SOLUBLE SUBSTANCES</b>

### Description:

- Water-resistant skin protection cream (W/O)
- Protects the skin from water and water soluble substances
- Can easily be applied to the skin and is absorbed quickly
- Economical in consumption

### Application area:

Aqua Stop protects the skin from water and water soluble substances like cleaning solutions, cooling lubricants, food, acidic and alkaline solutions, emulsion paints, mortar, concrete, etc.

Skin care and the repeated use of skin protection are important and binding components of skin protection plans.

### Application / dose:

Before work and after breaks rub a hazelnut-sized amount (0.5-1 ml) of Aqua Stop carefully into your clean and dry skin. It is important to also rub the cream into the skin between the fingers and into the nail beds. After drying for a short time the protection film is effective. The protection period is limited due to mechanical wear. Therefore the cream should be reapplied after 2-4 hours.

### Restrictions in use:

Aqua Stop is designed to protect healthy and predamaged skin against water and water soluble substances according to TRGS 401 appendix 9 and 10. For the treatment of active skin diseases a doctor should be consulted.

### Benefits for the user:

- Very skin friendly and effective
- High user acceptance
- Free of perfume and silicones
- Für water work according to TRGS 401

### Product quality:

The production takes place in accordance with the EU cosmetics regulation No. 1223/2009 and under GMP (Good Manufacturing Practice) conditions.

**First aid:**

If the product accidentally comes into contact with eyes rinse carefully with plenty of water (eye wash). If you feel any irritation afterwards please consult a doctor.

**Storage instructions:**

Aqua Stop can be stored in closed containers at least for 30 months at a temperature of 5-25 °C. After opening, Aqua Stop is durable for 12 months. Do not store at temperatures over 25 °C or exposed to the sun.

**Regulations:**

Aqua Stop does not fall under the detergents regulation, transport regulations according to the dangerous goods regulation or the ordinance on hazardous substances.

Aqua Stop belongs according to the workplace ordinance as a skin protection cream to the equipment of sanitary areas and has to be provided free of charge by the employer.

Safety data sheet available on request.
