

## VARIO STOP RAPID

SKIN PROTECTION BEFORE WORK

OILY, NON-AQUAEIOUS AREAS /  
AQUAEIOUS AREAS

AGAINST UNSPECIFIC OR ALTERNATING  
SUBSTANCES

### Description:

- Skin protection cream against hydrophile and lipophile substances
- Can be applied universally
- Contains a tannin that achieves excellent protective properties
- With high quality and plant based glycerin
- Free of perfumes and silicones
- Can easily be applied to the skin and is absorbed quickly
- Economical in consumption

### Application area:

Protects the skin from aqueous and non-aqueous substances, e.g. non-water-mixed metalworking fluids. Protects generally from unspecific, slightly irritant substances. Suited for application when wearing protective gloves and for application to the face.

Skin care and the repeated use of skin protection are important and binding components of skin protection plans.

### Application / dose:

Before work and after breaks rub a hazelnut-sized amount (0.5-1 ml) of Vario Stop Rapid carefully into your clean and dry skin. It is important to also rub the cream into the skin between the fingers and into the nail beds. After drying for a short time the protection film is effective. The protection period is limited due to mechanical wear. Therefore the cream should be reapplied after 2-4 hours.

### Restrictions in use:

Vario Stop is designed to protect healthy and predamaged skin against hydrophile and lipophile substances according to TRGS 401 appendix 9 and 10. For the treatment of active skin diseases a doctor should be consulted.

### Benefits for the user:

- Combined protection against hydrophile and lipophile substances
- Is absorbed extremely quickly
- Free of perfumes and silicones

### Product quality:

The production takes place in accordance with the EU cosmetics regulation No. 1223/2009 and under GMP (Good Manufacturing Practice) conditions.

**First aid:**

If the product accidentally comes into contact with eyes rinse carefully with plenty of water (eye wash). If you feel any irritation afterwards please consult a doctor.

**Storage instructions:**

Vario Stop Rapid can be stored in closed containers at least for 30 months at a temperature of 5-25 °C. After opening Vario Stop Rapid is durable for 12 months. Do not store at temperatures over 25 °C or exposed to the sun.

**Regulations:**

Vario Stop Rapid does not fall under the detergents regulation, transport regulations according to the dangerous goods regulation or the ordinance on hazardous substances.

Vario Stop belongs according to the workplace ordinance as a skin protection cream to the equipment of sanitary areas and has to be provided free of charge by the employer.

Safety data sheet available on request.
