Description:

- Very high level of cleaning and grease dissolving power
- Dries without streaks even when it is not dried off
- Creates gleaming and hygienic cleanliness that is gentle to materials
- Suited for processing if properly used in conformity with HACCP*
- Environmentally compatible and especially easily biodegradable
- Extremely economical in consumption (highly concentrated)
- A top product from our company that has proved its worth for decades
- With a pleasant scent
- Active foam

Application area:

For manually rinsing and cleaning of water-resistant materials such as glasses, dishes, cutlery and porcelain, etc. Neutral cleaning concentrate.

Application / dose:

Dishwashing: 2 ml / 5 l water

Maintenance cleaning: 20-40 ml / 10 l water

Precautions:

Keep out of reach for children.
Wear protective gloves and eye protection.
Not suited for the dishwasher.

Benefits for the user:

- Compatible with HACCP*
- Environmentally compatible
- Extremely economical in consumption

Product quality:

The production and labelling is carried out in accordance with the applicable EU directives and detergents as well as the GHS regulation.

*Please note, however, that the cleaning agents on surfaces and objects that come into direct contact with food must be completely removed with clean water.

The respective disinfection requirements must be observed.

Storage conditions:

Edelweiß Spülmittel can be stored in closed containers at 5-25 °C for at least 24 months. Keep the container tightly closed. Protect from frost and direct sunlight.

Legal provisions:

Edelweiß Spülmittel is subject to the Chemicals Act, the detergents and GHS regulation as well as the transports regulations according to the transport of hazardous or dangerous goods.

Safety data sheet available on request.
