HD device: 1-2 l / 10 l

Precautions:

Keep out of reach of children.

Wear protective gloves and eye / face protection.

Do not use on metals!

Please test the product in an inconspicuous area.

Benefits for the user:

- Suited for the food industry if properly used according to HACCP* standards
- Suited for automated cleaners – low-foam
- Extremely economical in consumption

Product quality:

The production and labelling is carried out in accordance with the applicable EU directives and detergents as well as the GHS regulation.

*Please note, however, that the cleaning agents on surfaces and objects that come into direct contact with food must be completely removed with clean water.

The respective disinfection requirements must be observed.

Storage conditions:

Intensivreiniger Plus can be stored in closed containers at 5-25 °C for at least 24 months. Keep the container tightly closed. Protect from frost and direct sunlight.

Legal provisions:

Intensivreiniger Plus is subject to the Chemicals Act, the detergents and GHS regulation as well as the transports regulations according to the transport of hazardous or dangerous goods.

Safety data sheet available on request.
